

# Range

## +130% Light

The brightest bulbs in the Magneti Marelli halogen range. Able to provide up to 130% more light on the road! Available in single and double boxes.

## White 4200K

Halogen range that produces a stylish super-white light beam on the road. Available in single and double boxes.

## Standard 24V

Bulbs for Heavy Commercial Vehicles. Available in all the main halogen and auxiliary formats.

## Heavy Duty

24V bulbs with reinforced filament and welding. More resistant to shocks and vibrations, they are ideal for industrial vehicles subject to extreme stress.

# The Bulb

## Xenon

Bulbs with Xenon gas discharge technology. Available in all main formats.

## Standard

A range of bulbs for cars, motorcycles and light commercial vehicles. Available in the main halogen and auxiliary formats.

## Long Light

Long-life halogen bulbs. Thanks to their special technology they last up to twice as long as standard bulbs (depending on the conditions of use). Particularly recommended for halogen DRLs.

## +50% Light

Providing up to 50% more light on the road, these halogen bulbs provide an ideal compromise between brightness and durability.
